

PERIODICAL REPORT ON ACADEMIC YEAR 2019/2020
(Academic staff – student and space - student)

Based on the data we possess as institution, the number of students registered in the System for University Management (SUM) is **2771** students, also based on the data of the Human Resources Office, we present the periodical report for academic year 2019/2020.

This report had two measuring indicators, or differently said, presents relation Professor-student and Students – space.

The number of academic staff in the University of Gjakova "Fehmi Agani" who is in the process of teaching in both semesters, is 102 persons (professor, lecturers and assistants).

Relation Students – Professors in the University of Gjakova "Fehmi Agani" is $2771/102=27.16$. This relation is for the total of students that managed to register regular semesters, but if we take into account that a considerable number of them graduate meanwhile, this makes more positive the relation Staff-Students. Thus, for one professor there are 27 students.

University of Gjakova "Fehmi Agani", including the area of the Faculty of Phylology, Faculty of Education and Faculty of Medicine, sports hall and Rectorate building (Medicine and Chemistry laboratories), momentarily has 11697.5 m² available.

Relation space-student in the University of Gjakova "Fehmi Agani" is $11697.5 \text{ m}^2 / 2771 \text{ students} = 4.22 \text{ m}^2$ per student. Thus, for one student University of Gjakova "Fehmi Agani" has 4.22 m² available.
